**CC:** Dibblee, Seth [Dibblee.Seth@epa.gov]; Niess, Claudia [niess.claudia@epa.gov]  
**Subject:** IPM/Structural Resources

Seth Dibblee is our regional expert on IPM. His contact info is: [Dibblee.Seth@epa.gov](mailto:Dibblee.Seth@epa.gov) (312) 886-5992. He suggested the IPM Institute online training: The Pest Defense for Healthy Schools Professional Development Training for School Staff at <https://ipminstitute.org/projects/school-ipm-2020/pest-defense-training/>. It was originally supposed to be an EPA resource, but funding fell through and IPM Institute took it over. According to Seth, he thought that one of the original goals was that this course could satisfy IDPH's training requirements.

Seth also said that Susan Ratcliffe may be willing to do some training for your staff. Joanne Kick-Raack used to be the PAT coordinator at OSU Extension and may be willing to do some training.

As far as Inspection or Inspector training, check with Claudia Niess. She is the Enforcement Technical Contact for Illinois.
